

Announcement for INFOTECH Students

Seminar High Performance Network Architecture (HPNA), Prof. Kühn

Seminar Advanced Communication Services (ACS), Dr. Rupp

The challenge of the seminars is to retrieve and to evaluate relevant literature of the respective topic. Out of this, a full paper has to be written as a seminar report. Finally, every participant has to give a presentation on the topic and to defend it in the discussion.

The seminar counts for 3 credit points.

The topics offered for the two seminars are announced in the second sheet. Interested students should contact the corresponding mentor by e-mail or phone to register and to discuss the further steps. Topics are assigned on a “first-come, first-serve” basis. Every accepted seminar student is required to register the seminar at the INFOTECH Office this summer term.

The further dates relevant for **all** students have been fixed as follows:

Friday, May 26, 8-9:30 a.m., Room 1.348, IKR (ETI 2)

- Briefing of seminar project status
- Guidelines for paper documentation
- Guidelines for seminar presentation
- Fixing of presentation dates

Friday, July 7, 8-9:30 a.m., 9:45-11:15 a.m.	Presentations, Room 1.348
Friday, July 14, 8-9:30 a.m., 9:45-11:15 a.m.	Presentations, Room 1.348
Friday, July 21, 8-9:30 a.m., 9:45-11:15 a.m.	Presentations, Room 1.348
Friday, July 28, 8-9:30 a.m.	Presentations, Room 1.348

Prof. Dr. P. J. Kühn
Dr. S. Rupp
